Experience

2020 – Present

Spatial Design | Freelancer

- Exhibited at Dutch Design Week 2024: Showcased "Processing the Unprocessed", a KABK graduation project, combining spatial design, artistic techniques, and sensory exploration.

- Designed and managed a full renovation project in Tel Aviv, overseeing interior design, construction supervision, and material selection.

- Provided personalized home styling services, crafting designs tailored to each client's unique preferences and needs.

2019 – 2022

XS Studio for Compact Design

Architecture & Interior Design Firm | Spatial Designer

- Led and collaborated on diverse interior design projects, serving as the primary point of contact for clients. Responsibilities included developing initial designs, presenting concepts, and ensuring client satisfaction throughout the process.

- Managed project execution, overseeing technical planning, material selection, and coordination with carpenters, contractors, and other professionals to ensure timely and high-quality completion of all work.

- Served as lead stylist for project photoshoots, overseeing visual storytelling.

- Contributed to marketing strategies by planning photoshoots and managing social media content.

2019

Exhibition Design & Curation

- Part of the design team and curator for HIT's graduation exhibition.

2018 – 2019

Levi-Hamitzer Architects | Freelancer

- Developed interior designs for private homes, overseeing construction and material sourcing.

2018

Levi-Hamitzer Architects | Intern

- Supported architectural and interior design projects, gaining hands-on experience in project execution.
